Hitch Steps
coming
soon!

This new running board is the next generation of Raptor-inspired design that will make your truck, Jeep, Bronco or SUV stand out from the crowd. With its aggressive, stylish appearance, this cab-length, bolt-on side step provides maximum traction and features an open flow-through design that prevents mud, ice, and snow from accumulating. The corrosion-resistant 16-gauge steel step mounts tightly to factory mounting points along the lower rocker panel, providing plenty of clearance for off-roading, and it's strong enough to support 300 lbs. per stepping surface for 600 lbs. per board.

ABOUT THE RB SERIES: Go Rhino's **RB10 Running Board** features a classic louvered design and is 6" wide across its full length (4" wide for the Slim Line version). The **RB20 Running Board** has a more modern, bullet-stamped design. The tapered shape of the RB20 is 7.5" wide at its widest point (5.5" wide for the Slim Line version). The **RB30 Running Board** is 7" wide for most of its length before it tapers (5" wide for the Slim Line version). All RB Series Running Boards are available in Textured Black Powder Coat or Protective Bedliner finish, made in North America and offer a limited lifetime warranty against manufacturer and material defects, with a 5 year warranty on the finish.

SEE COMPLETE LIST OF PART NUMBERS ON NEXT PAGE.

For Textured Black Powder Coat Finish
add "PC" to the end of each part number.

For Protective Beadline Coating,
add "T" to the end of each part number.
