

DOMINATOR XTREME DT TRI-TUBE SLIDER STEPS

Go Rhino's Dominator Xtreme DT Slider Side Steps feature a triple-bar design with full length outer and lower rub rails to give your vehicle a unique, aggressive appearance and increased rocker panel protection from trail obstacles and road debris.

Two non-slip steel step pads can be removed to add a pop of color. Installation is easy and the utilization of the OEM step and rock rail mount locations mean no drilling or cutting required. Hardware and body mount brackets are included when purchased as a Complete Kit.

Dual purpose design allows the DT to be used as both step and slider!

Available in 52"-87" lengths and vehicle-specific kits with bars and mounting brackets

Steel step pads with signature punched-hex pattern offer a safe, no-slip grip.
